Membership and Party “Affiliation”

When you register to vote in Ohio, you do not immediately declare a party affiliation. This is done at the polls in a primary election by selecting either a Democrat or Republican ballot. Since the Constitution Party of Ohio does not yet have full ballot access, you cannot select a Constitution Party ballot. If you do not vote in the primaries, then you are considered an “independent” or “unaffiliated.”

Membership in the state affiliate helps to build and grow the party by providing funds and grassroots efforts to implement the support necessary to gain ballot access, attract candidates for political office and provide funding for their campaigns. For example, I may vote Republican most of the time, so I am affiliated with that party. However, I do not pay dues to the state party because I do not want to contribute to Republican Party growth and development.

Membership Activity

A political party thrives on volunteer time, talent and treasure. You can help in any way that is convenient for you or fits into your schedule or interest. Many members choose to support the party development through dues or other financial contributions and can be counted on to promote and vote for our candidates. Others volunteer their time and talent to help the party grow throughout the state.

Definition of a Member of the Constitution Party of Ohio
